WHO WE ARE?

We are specialize in carved custom electric guitars and basses (limited edition). One carving design we'll use only for 10 items. We are experienced builders of custom carved electric guitar and bass. We craft our exquisite custom carved electric guitar and bass using a variety of time tested, great sounding woods, offering options that you can not buy off the shelf. We also stay true to our tone formulas, pairing modern technology with old world craftsmanship to create great playing and sounding instruments.
